Professional Summary

Passionate Statistician, Data Specialist, MEAL professional with over 2 years driving, programme delivery oversight, quality assurance and data analysis for humanitarian and government programmes across Turkana and Nairobi Counties. Directly responsible for project monitoring, field audits, data quality assurance, SOPs compliance check, and reporting across a 650+ school programme. Skilled in designing and implementing monitoring plans, indicator tracking tools, and data collection schedules; conducting field monitoring visits, spot-checks, and back-checks; and running first-level data quality reviews that identify and resolve missing, inconsistent, or inaccurate information. Experienced in deploying and supporting mobile data collection tools (KoboToolbox, ODK, SurveyCTO), cutting reporting lag by 40% through real-time survey deployment, and validating 100,000+ records monthly using SQL, Excel, and Salesforce. Build interactive dashboards (Power BI, R Shiny, Salesforce) to track KPIs, produce donor and programme reports, and documents lessons learned, best practices, and beneficiary feedback to strengthen learning and accountability. Coordinate with partners, community stakeholders, enumerators, and consultants in multicultural, donor-funded programme environments, with safeguarding and data protection embedded throughout.

Core Competencies and Technical Skills

- **Survey Design and Data collection:** Design and deploy digital surveys and programme mobile survey tools on KoBo, ODK, SurveyCTO, and Google Forms; strong command of sampling protocols for baseline/midline/endline data collection.
- **Business Intelligence and Visualization:** Build interactive dashboards in Power BI, Tableau, and R Shiny; integrate CRM systems like Salesforce for donor-ready reporting.
- **Monitoring, Spot-Checks and Back-Checks:** Developed monitoring plans and indicators; conducted weekly audits and field visits to track progress and challenges; reviewed QA processes and beneficiary feedback; supported assessments, post-distribution monitoring, and satisfaction surveys.
- **Data Management, Quality and Analysis:** Cleaned, validated, transformed and maintained project data in approved databases, and trackers; conducted first-level data quality and compliance checks; produced monitoring summaries and advanced trend analysis for programme teams.
- **Reporting, Documentation and Learning:** Drafted activity reports, field monitoring notes, and data summaries; documented lessons learned, case examples, and beneficiary feedback; consolidated information for donor reports and learning sessions.
- **Partner & Team Coordination:** Followed up with partners and field teams on timely submission of monitoring data and reports; oriented and trained field teams on approved data collection tools; coordinated logistics for monitoring visits.
- **Compliance, Accountability and Safeguarding:** Ensured compliance with programme standards, ethical data collection practices, safeguarding, and data protection; managed beneficiary feedback and accountability; escalated concerns promptly.
- **MEAL Systems Design and Data Management:** I design and implement results, logical and M&E frameworks, and QA protocols, ensuring systems are practical, compliant, and consistently reliable.
- **Adaptability and Continuous Learning:** Quickly embraces new field tools and systems, continuously strengthening technical and leadership skills to meet evolving project/organizational needs.
- **Tools:** KoboToolbox, ODK, SurveyCTO, Google Forms, Microsoft Excel/Word/PowerPoint/Outlook/Teams, Power BI, R Shiny, Tableau, Salesforce, SQL, R, Python, SPSS

Work Experience

Programme Quality Assurance Officer (MEAL) - Mary's Meals International (Turkana) June 2024 – Nov 2025

- Led field QA operations across 650+ schools, conducting weekly monitoring assessments and audit visits and monthly desktop reviews that ensured 100% SOP compliance and strengthened programme efficiency.
- Trained and supervised programme staff and interns, delivering structured training sessions to 50+ staff on QA protocols, field data recording standards, and issue-resolution workflows.

- Programmed and deployed mobile survey/CAPI tools (ODK, Kobo, SurveyCTO) for real-time field data collection, reducing reporting lag by 40%.
- Conducted monthly database reviews and validated data (100,000+ records) using SQL, Excel, and Salesforce, safeguarding sensitive information through routine field data quality reviews.
- Built and scaled dashboards in Power BI, R Shiny, and Salesforce, monitoring KPIs across 650+ schools to ensure field service levels and operational goals were consistently met.
- Produced quarterly donor reports and evidence-based recommendations from field findings that influenced programme strategies and secured continued funding.
- Supported design and implementation of monitoring and evaluation systems, including results frameworks, logical frameworks, indicators, and QA protocols for field operations.
- Expanded technical expertise in Python, LaTeX, and Microsoft Dynamics 365, while strengthening field leadership skills to meet evolving organizational needs.

Programme Quality Assurance Intern (MEAL) – Mary’s Meals International (Turkana) Nov 2023 – May 2024

- Carried out weekly field audits (2 per week) and monthly desktop reviews, improving field data quality and achieving 100% SOP compliance across programme operations.
- Developed and deployed monitoring tools in SurveyCTO, streamlining field data collection workflows and improving the timeliness of programme data submissions by 20%.
- Supported QA strategy through monthly database reviews, directly enhancing data integrity and strengthening field programme accountability.
- Collaborated with cross-functional teams on a monthly basis to troubleshoot field delivery inefficiencies, leveraging Salesforce and Outlook to streamline workflows and reduce delays.
- Consistently delivered field tasks with reliability and precision while expanding technical expertise in Python, R, SPSS, Google Docs, and Google Sheets, alongside strengthening interpersonal and collaboration skills.

Corporate Planning and Strategy Intern – NG-CDF Board (Nairobi) Sept 2021 – Jan 2022

- Evaluated development projects in 10 constituencies using SPSS and Google Sheets, ensuring timely field execution.
- Reviewed and analyzed departmental performance contracts using Excel and Power BI to assess KPIs.
- Demonstrated attention to detail and reliability in supporting strategic planning tasks.
- Delivered additional tasks with reliability and attention to detail while continuously learning new technical skills in R, SPSS, LaTeX, and Tableau, and soft skills in collaboration and teamwork.

Certifications and Trainings

- | | |
|---|--------------------|
| 1. Data Analytics Training – Sigma Digital Technical Institute/ICT Authority, Kenya | July 2026 |
| 2. Monitoring, Evaluation, Accountability & Learning (MEAL) – Humanitarian Leadership Academy | Feb 2026 |
| 3. Certified Internal Auditor – The Institute of Internal Auditors (IIA) | Jan 2026 – Present |
| 4. Safeguarding & Data Protection – Mary’s Meals Kenya | |

Education Profile

- | | |
|---|----------------------------|
| 1. Jomo Kenyatta University of Agriculture and Technology
BSc Statistics - Second Class Honors (Upper Division) | Aug 2018 - Dec 2022 |
| 2. Homa Bay High School
Kenya Certificate of Secondary Education – Grade: B+, 70 points. | Feb 2014 - Dec 2017 |
