Profile Summary

Organized and results-driven Statistician, Data Analyst, Programme Quality Assurance Specialist and MEAL professional, with over 2 years' experience in humanitarian and government programmes, specializing in quality assurance assessments, monitoring frameworks, compliance reporting, field data collection, survey deployment, data analysis and programme delivery oversight. Skilled in designing and maintaining MEAL systems that translate indicators, results frameworks, and theories of change into practical tools that strengthen programme quality, accountability, and learning. Experienced in conducting school audits/ monitoring, supplier compliance checks, and QA process reviews within largescale school feeding programmes in Turkana County, ensuring food quality assurance, timely deliveries, and proper storage/utilization across 650+ schools. Adept at leveraging advanced data systems (SQL, Excel, SPSS, Power BI, R Shiny, Salesforce) and mobile survey platforms (Kobo, ODK, SurveyCTO, google form) to ensure accurate data recording and issue resolution. Recognized for mentoring/training staff and guiding programme teams on best practices for QA processes, safeguarding, and compliance, I excel at turning complex datasets into actionable insights that drive decisions, improve governance, and elevate programme impact across international operations.

Core Competencies and Technical Skills

- **MEAL Systems Design & Data Management:** I design and implement results, logical and M&E frameworks, and QA protocols, ensuring systems are practical, compliant, and consistently reliable.
- **Survey Design Field Monitoring and Data Collection:** Design and deploy digital surveys (KoBo, ODK, SurveyCTO, Google Forms), train enumerators, validate data, and lead baseline/midline/endline surveys, and field audits.
- **Data Analysis and Insights:** I apply advanced skills in SQL, R, Python, SPSS and Excel (MS Office Suite) to deliver predictive analytics, KPI development, and impact assessments that drive evidence-based decisions.
- **Business Intelligence and Visualization:** I create interactive dashboards in Power BI, Tableau and R Shiny, integrate CRM systems like Salesforce, and produce donor-ready reports that communicate impact clearly.
- **Research and Governance:** I design research studies, draft policy briefs, and ensure safeguarding and data protection frameworks are embedded in programme reporting and governance.
- **Capacity Building and Collaboration:** I lead staff training on QA protocols / processes. MEAL systems and data analytics strengthening organizational learning while promoting effective communication across platforms.
- **Community and Stakeholder Engagement:** Training, sensitization, and coordination with schools and local communities.
- **Adaptability and Continuous Learning:** I embrace new tools and evolving systems quickly, continuously expanding my technical and leadership skills to stay ahead of organizational needs.

Work Experience

Programme Quality Assurance Officer (MEAL) - Mary's Meals International (Turkana) June 2024 – Nov 2025

- Conducted school monitoring assessments across 650+ schools, validating data quality, food storage, and service practices.
- Designed and implemented QA protocols, conducting weekly school audit visits (4 per week) and monthly desktop reviews that ensured 100% SOP compliance, elevated data quality standards, and strengthened programme efficiency across all sites.
- Programmed mobile survey tools (ODK, Kobo, SurveyCTO) enabling real-time data collection, reducing reporting lag by 30%.
- Led advanced data analysis and research oversight, identifying programme gaps and recommending corrective actions that improved delivery efficiency over successive quarters.
- Conducted monthly database reviews and validated data (100,000+ records) using SQL, Excel, and Salesforce, conducting routine data quality reviews to ensure 100% SOP compliance and safeguard sensitive information.

- Built and scaled dashboards in Power BI, R Shiny, and Salesforce, monitoring KPIs across 650+ schools, ensuring service levels and operational goals were consistently achieved.
- Delivered structured training sessions to 50+ programme staff and interns on QA protocols, data recording standards, and issue resolution workflows.
- Produced quarterly donor reports and evidence-based recommendations that influenced programme strategies and secured continued funding.
- I Supported in designing and implementing monitoring & evaluation systems, including results frameworks, logical frameworks, indicators, and QA protocols, ensuring MEAL systems were practical, compliant, and consistently reliable.
- Expanded technical expertise in Python, LaTeX, and Microsoft Dynamics 365, while strengthening leadership skills to meet evolving organizational needs.

Programme Quality Assurance Intern (MEAL) – Mary’s Meals International (Turkana) Nov 2023 – May 2024

- Supported QA strategy by conducting monthly database reviews, directly enhancing data integrity and strengthening programme accountability.
- Carried out weekly field audits (2 per week) and monthly desktop reviews, improving data quality and achieving 100% SOP compliance across programme operations.
- Collaborated with cross-functional teams on monthly basis to troubleshoot delivery inefficiencies, leveraging Salesforce and Outlook to streamline workflows and reduce delays.
- Developed and deployed monitoring tools in SurveyCTO, streamlining data collection workflows and improving the timeliness of programme data submissions by 20%.
- Consistently delivered tasks with reliability and precision while expanding technical expertise in Python, R, SPSS, Google Docs, and Google Sheets, alongside strengthening interpersonal and collaboration skills.

Corporate Planning and Strategy Intern – NG-CDF Board (Nairobi) Sept 2021 – Jan 2022

- Reviewed and analyzed departmental performance contracts using Excel and Power BI to assess KPIs.
- Evaluated development projects in 10 constituencies using SPSS and Google Sheets, ensuring timely execution.
- Demonstrated attention to detail and reliability in supporting strategic planning tasks.
- Delivered additional tasks with reliability and attention to detail while continuously learning new technical skills in R, SPSS, LaTeX, and Tableau, and soft skills in collaboration and teamwork.

Certifications and Trainings

1. Monitoring, Evaluation, Accountability & Learning (MEAL) – Humanitarian Leadership Academy Feb 2026
2. Certified Internal Auditor – The Institute of Internal Auditors (IIA) Jan 2026 – Present
3. Lean Six Sigma Black Belt (CLSSBB) – Alison Oct 2025 – Present
4. Safeguarding & Data Protection – Mary’s Meals Kenya

Education Profile

1. **Jomo Kenyatta University of Agriculture and Technology** Aug 2018 - Dec 2022
BSc Statistics - Second Class Honors (Upper Division)
2. **Homa Bay High School** Feb 2014 - Dec 2017
Kenya Certificate of Secondary Education – Grade: B+, 70 points.
