

PROFESSIONAL SUMMARY

Programme Quality Assurance, Statistician, Data Analyst and MEAL professional with over two years' experience supporting programme delivery, logistics, and digital reporting systems across a 650+ school humanitarian feeding programme. Led field Quality Assurance operations that sustained 100% SOP compliance, trained 50+ staff on Salesforce, Resco, and field data tools, and helped resolve a disconnect between the delivery and Quality Assurance teams' data collection systems that had been distorting reporting on both sides; direct, practical experience keeping delivery and Quality Assurance data aligned. Strong in advanced Excel (Pivot Tables, Power Query, dashboards, lookups, data validation, reporting automation) and confident across the digital data and systems (Salesforce, Resco, SurveyCTO and ODK) used for humanitarian and operational data collection, KPI tracking, and donor reporting. Works closely with people at every level: the Operation Lead on field travel and logistics, the Quality Assurance team on reports, audits, and database reviews, the Head of Programme on escalating field findings and warehouse compliance, Programme Delivery Managers on database timelines and dispatch approvals, and field staff and volunteers on day-to-day issue resolution. Has also collaborated directly with international Quality Assurance and delivery colleagues, on behalf of my manager, to align reporting standards and strengthen cross-country data integrity.

PROFESSIONAL SKILLS

Technical Skills (Digital Data & Reporting Systems)

- ✓ **Operational troubleshooting:** Identifies and resolves reporting gaps to ensure seamless programme delivery.
- ✓ **Resco/ Salesforce administration:** end-user training on reports/dashboards, troubleshooting sync issues between Resco and CRM.
- ✓ **Advanced Excel:** Pivot Tables, Power Query, dashboards, lookups, data validation, and reporting automation.
- ✓ **Business intelligence and visualization:** Power BI, R Shiny, and Tableau dashboards for KPI tracking.
- ✓ **Mobile survey tools:** ODK, SurveyCTO, Google Forms; designing and applying sampling protocols.
- ✓ SQL, Python, R, SPSS, Microsoft Dynamics 365, LaTeX.
- ✓ **Adaptability and Continuous Learning:** Fast adoption of new tools and systems.

Project Management, Programme Oversight

- ✓ Led implementation and quality assurance of a school feeding programme across 650+ schools, balancing monitoring, stock coordination, and reporting to meet deadlines.
- ✓ Monitored programme performance, flagging risks & supplying verified data to support planning and budgeting.
- ✓ Coordinated field teams to ensure SOP compliance, using insights to drive programme improvement.

Training, Collaboration & Compliance

- ✓ Trained 50+ staff on quality assurance protocols, field data standards, and CRM use (Resco/Salesforce), strengthening data integrity.
- ✓ Collaborated with quality assurance leadership, programme managers, field staff, and partners to align operations with organizational standards.
- ✓ Upheld compliance, accountability, and safeguarding standards, embedding ethical data practices and beneficiary feedback into daily operations.

PROFESSIONAL STRENGTHS

Analytical Thinking & Problem-Solving: Diagnoses data issues, identifies practical, evidence-based solutions.

Attention to Detail: Rigorous quality assurance and accuracy in data collection, cleaning, and reporting.

Effective Communication: Clear, audience-appropriate reporting and stakeholder engagement.

Team Collaboration: Works seamlessly with programme and partner teams to align reporting, resolve operational issues, and strengthen delivery systems.

WORK EXPERIENCE

Programme Quality Assurance Officer (MEAL) – Mary’s Meals International (Turkana)

June 2024 – Nov 2025

Achievements:

- ☑ Led field Quality Assurance operations across 650+ schools, sustaining 100% SOP compliance through weekly monitoring, audit visits, and monthly desktop reviews.
- ☑ Spotted a disconnect between the delivery team’s and Quality Assurance team’s data collection tools that was creating conflicting figures and reporting on both sides; flagged it and worked with the relevant teams to align the two systems, strengthening data integrity and reporting compliance.
- ☑ Worked closely with the Operation Lead to organize field travel and logistics for Quality Assurance monitoring visits, and to review food receipt and warehouse delivery compliance (quality, quantity, and standards).
- ☑ Partnered with Quality Assurance colleagues to prepare reports, run desktop and database reviews, plan and execute field audits, and develop food order templates, including reviewing and approving final delivery copies.
- ☑ Escalated critical field findings to the Head of Programmes and contributed to discussions on warehouse food delivery compliance.
- ☑ Coordinated with Programme Delivery Managers on database submission timelines, data quality checks, pending tasks for School Feeding Managers, and approval of food dispatch/loading plans to schools, and stock loss reporting.
- ☑ Supported School Feeding Managers, School Feeding Officers, and volunteers in resolving Quality Assurance data quality issues, meeting stock confirmation deadlines after dispatch, and strengthening accountability workflows.
- ☑ Trained 50+ school feeding officers and interns on Quality Assurance protocols and field data recording standards, and on the use of Resco and Salesforce; including troubleshooting Resco sync issues between field devices and the CRM to keep data flowing reliably between delivery and Quality Assurance.
- ☑ Programmed and deployed mobile survey tools in SurveyCTO for real-time field data collection.
- ☑ Supported in designing and scaling Power BI and R Shiny dashboards to track Quality Assurance KPIs across all programme affiliates/partners and support field service-level and operational decisions, while continuing to build Salesforce integration skills.
- ☑ Produced quarterly Quality Assurance reports and evidence-based recommendations from field findings that informed programme strategy and helped secure continued funding.

Programme Quality Assurance Intern (MEAL) – Mary’s Meals International (Turkana)

Nov 2023 – May 2024

Achievements:

- ☑ Collaborated with Operation Lead to organize field travel arrangements for Quality Assurance monitoring visits, keeping logistics smooth and audits on schedule.
- ☑ Worked with the Quality Assurance team to prepare reports, run desktop and database reviews, plan and execute field monitoring/audits, and develop food order templates, including reviewing and approving final delivery copies.
- ☑ Coordinated with Programme Delivery Managers on database submission timelines, data quality checks, pending tasks for School Feeding Managers, and approval of food dispatch and loading plans, including stock loss reporting.
- ☑ Supported School Feeding Managers, School Feeding Officers, and volunteers in resolving Quality Assurance data quality issues, meeting stock confirmation deadlines, and strengthening accountability workflows.

- ☑ Developed and deployed monitoring tools in SurveyCTO, streamlining field data collection and improving the timeliness of programme data submissions.
- ☑ Applied advanced Excel (Pivot Tables, lookups, validation) to strengthen reporting accuracy, support Quality Assurance reviews, and keep programme records properly filed.
- ☑ Carried out weekly field audits (twice a week) and monthly desktop reviews, ensuring SOP compliance.
- ☑ Delivered field tasks reliably and with precision while building technical skills in Python, R, SPSS, and Google Sheets.

Corporate Planning and Strategy Intern – NG-CDF Board (Nairobi)

Sept 2021 – Jan 2022

Achievements:

- ☑ Evaluated development projects in 10 constituencies using SPSS and Google Sheets, ensuring timely field execution.
- ☑ Reviewed and analyzed departmental performance contracts using Excel and Power BI to assess KPIs.
- ☑ Demonstrated attention to detail and reliability in supporting strategic planning tasks.
- ☑ Delivered additional tasks with reliability and attention to detail while continuously learning new technical skills in R, SPSS, LaTeX, and Tableau, and soft skills in collaboration and teamwork.

PROFESSIONAL CERTIFICATION AND TRAININGS

1. **Data Analytics** – Sigma Digital Technical Institute/ICT Authority, Kenya July 2026
2. **Data Quality Assurance** – African Population and Health Center May 2026
3. **Monitoring, Evaluation, Accountability and Learning (MEAL)** – Humanitarian Leadership Academy Feb 2026
4. **Certified Internal Auditor** – The Institute of Internal Auditors (IIA) Jan 2026 – Present
